

Corporate Social Responsibility

CUMMINS C&G AND LIONS CLUB OF NAIROBI CARGEN CSR ACTIVITY.

Spring Valley Children's Center and School is a rescue center for children from all manner of complicated backgrounds; established in 1999 by Pastor Stanley and Tr. Alice Ng'ang'a. The school is based in Kayole's Spring Valley area, in Embakasi central Nairobi. The center built on a Christian foundation offers education, runs a feeding program, and gives medical care and accommodation to majority of the children for whom they care.

The relationship between Cummins C&G and Spring Valley Children's Center and School goes way back to 2016. Through interaction on the supply of a generator donated by Brian Patterson and Terrace Lake Church Indiana U.S.A. and our most reliable aftermarket support by the Cummins C&G team, equipped with an unwavering desire to positively affect and influence the lives of the communities within which we exist as an organization, the relationship was more or less sealed by fate.

On December 9th 2022, having gathered resources and support from the larger Car & General family, a team from Cummins C&G, Lions Club of Nairobi Cargen and Car & General took a trip to the center. Top of the agenda was to share some Christmas cheer and share some supplies to see the children through the Christmas season. Christmas is after all the season of sharing.

We arrived to a warm welcome and heart touching stories about the children's backgrounds and experiences. We were shown to the dormitories that were pristine and tidy. We decorated the church, sang and broke bread. The interaction was a gentle reminder of all blessings we take for granted.

Our Vision

Make customers smile in every street, every town

Our Mission

To achieve leadership position in all our primary markets - power generation, automotive and engine-related products in East Africa.
