

Empowerment

DOOSAN ME/AF REGIONAL SERVICE TRAINING AT C&G NAIROBI.

YEARS

Our Vision

Make customers smile in every street, every town

Our Mission

To achieve leadership position in all our primary markets - power generation, automotive and engine-related products in East Africa.

C&G is privileged to host a Hyundai Doosan Infacore training at the C&G headquarters in Nairobi. The training on the Excavator DX-7M; which is an improvement of the previous model, is aimed at imparting technical and mechanical know-how on the technicians. The technicians will in turn be able to support our clients as they drive the Car & General core value of *making customers smile*. The training is by experts from Doosan; which represents hardest working, most reliable heavy equipment on the planet, and brings together 14 technicians. 5 technicians are from C&G Kenya & Uganda and 9 from other dealers in Ethiopia, Mauritius and Tunisia. The training runs from 10th to 18th of October.
